Our Company. Our Commitment.

EagleAir, Inc. is proud of our longstanding commitment to safety and innovation. In business since 1973, the Company has a well known track record of innovations that have become industry standards and have improved firefighter safety. The development of **Containment Design fill stations** and **Single-Appliance breathing air systems** are key examples of these innovations. **For more than 40 years** we have manufactured breathing air systems that **meet and exceed the highest industry standards**. As an American and veteran-owned company, we understand the needs of our armed forces, firefighters, first responders and other customers, and we are dedicated to providing them with the most **advanced, most reliable equipment possible**.

Our commitment starts with an active membership in the **Fire Apparatus Manufacturers Association (FAMA)**. We have also been an active company in **National Fire Protection Association (NFPA)** committees to set standards that assure firefighter safety, so we remain aware and **help drive the latest safety standards**. It continues with a **manufacturing strategy that assures traceability and consistency in all of our products**. And it evolves with a **reputation for continuous improvement** that results in **innovation across all product lines**.
